## SUMMARY

MansourHaneen.com

Trainee at Tuwaiq Cybersecurity Bootcamp with a bachelor's degree in computer and network engineering. Proven track record in networking and cybersecurity. Proficient in cybersecurity, programming, and network infrastructure security. Certified in CCNP Security, Offsec PEN-100, Cisco SCOR, Cisco SNCF, CCNA, CompTIA Security+, and eCIR.

## EXPERIENCE

Aug 2024 - Present

### Trainee | Tuwaiq Cybersecurity Bootcamp – Blue Team

Engaged in hands-on training on penetration testing (OffSec PEN-100) and security operations (OffSec OSDA), gaining practical skills in offensive and defensive cybersecurity techniques.

Jul 2023 - Sep 2023

### Intern | Ministry of Education - Sabya

Configured computer hardware and network technologies, configuring and deploying systems such as WiMAX, Windows Server, and DHCP to enhance network performance and efficiency.

## EDUCATION

Jul 2024

### Bachelor of Computer and Network Engineering

Jazan University | GPA: 4.99/5 | First-class honors.

## CERTIFICATIONS

- Cisco Certified Network Professional (CCNP) Security
- OffSec Penetration Testing Essentials (PEN-100)
- eLearnSecurity Certified Incident Responder (eCIR)
- OffSec Security Operations Essentials (SOC-100)
- CompTIA Security+
- Cisco Security Core Technologies (SCOR)
- Cisco Certified Specialist – Firepower (SNCF)
- Cisco Certified Network Associate (CCNA)

## PROJECTS

- **Secure Private Services Access (SPSA)**  
Raspberry Pi 5, with OpenVPN, Docker, and Home Assistant, user-friendly web interface
- **Office Management System**  
Application developed for the Administrative Department at the College of Computer Science & IT.

## SKILLS & AWARDS

- **Awards:**
  - 1st - Graduation Projects Exhibition 2024
  - 1st - CTF 2023 | Jazan University
  - 2nd - CTF 2022 | Jazan University
  - 3rd - CTF 2024 | CyberHub – JU Club
- **Soft Skills:** Communication, teamwork, problem-solving, time management, adaptability, attention to detail, leadership.
- **Technical Skills:** Threat detection, log analysis, firewall configuration, SIEM (Splunk, ELK), IDS/IPS, packet analysis (Wireshark), network security, routing, switching, VPNs, Java, HTML, CSS, Docker, VMware, SSH. Operating Systems: Ubuntu, Kali, and Windows.
- **Languages:** Arabic, English.

## VOLUNTEER

- Student Council Leader | CNET Department | Jazan University
- Volunteer Developer | Office Management System App | Jazan University
